Mr. Salvatore and Ms. Brochi: Here is the pre-draft version of Chapter 9 of the SEIS as promised.

Please note the following:

1. **UConn Team staff:** Staff included consists of all UCONN Team staff. Bios may be

updated slightly for the Final SEIS, in case the entry "*Role in Preparing the SEIS*" requires modification due to additional activities performed.

We understand that EPA will add details for each bio for the USEPA staff of your team from both Region 1 and Region 2, as appropriate.

We, did not include information for staff from CTDOT or USACE. If this needs to be added then the necessary information can be provided with other comments.

3. **Staff for Appendices.** If it is determined that the Appendices listed below are to be included in the SEIS, then please arrange to obtain bios from the staff that worked on those, as discussed. Appendices in question consist of the following:
